**Subject:** As a taxpaying citizen, I'm miffed

I'm miffed at how our elected officials have decided not to take action against the illegal practices of Microsoft. This settlement is a shameful display of lack of backbone on the part of the DOJ and I am extremely dissappointed. I will back future action to elect officials who will look out for the consumers of this nation, not the shareholders of Microsoft.

Thank you for nothing.  
Sincerely,  
Richard McDonald
